# FACULTY OF AUTOMOTIVE

## FACULTY DETAILS

Imagine Education Australia's Faculty of Automotive delivers training in Certificate III in Light Vehicle Mechanical Technology and Certificate IV in Automotive Mechanical Diagnosis. We are a unique training organisation as we have a fully-operational automotive workshop on-site for our students to access for live practical training. Imagine's Faculty of Automotive is committed to the professional development of our trainers, which is passed on through our educational programs. Imagine Education Australia uses products from reputable suppliers and has the support from the Queensland Automotive Skills Alliance to deliver apprenticeship training.

## COURSES OFFERED

Imagine Education's Faculty of Automotive offers the following courses of study:

- AUR30616 CERTIFICATE III IN LIGHT VEHICLE MECHANICAL TECHNOLOGY
- AUR40216 CERTIFICATE IV IN AUTOMOTIVE MECHANICAL DIAGNOSIS

For full course details, please visit our website at **www.imagineeducation.com.au/courses/automotive**.

## CAREER OPPORTUNITIES

Graduates from Imagine Education's Faculty of Automotive could potentially find themselves working in one of the following positions within the automotive industry:

- Automotive mechanic
- Automotive lead
- Master technician
- Automotive technical adviser

## ENTRY REQUIREMENTS

For full details on individual course entry requirements, please see our website at **www.imagineeducation.com.au/courses/automotive**.

## ABOUT IMAGINE

Imagine Education is a Vocational Education and Training (VET) college with campuses in the Gold Coast and in Brisbane City. Our Ashmore Campus is home to our Faculty of Automotive.

Imagine Education has an automotive workshop for our students to access for live, practical training. Students are able to work on real clients' cars, learning from industry recognised trainers in a fun and friendly environment.
